Hanged.

Pittsburg, 3.—George, alias "Bobs" Jones, the colored boy murderer, convicted of killing John Foster, also colored, was hanged in the county jail yard this morning in the presence of several hundred spectators.

Winnipeg, Regina, N. W. T., 3.—John and George S. Johnson were executed this morning at 8 o'clock, for the murder of an old man named John McCarthy, at Troy, on the 14th of June last. The prisoners were accompanied to the scaffold by their spiritual advisor, Deputy Sheriff Gibson, Colonel Herchmer and others, including a guard of eight mounted policemen. The prisoners made a full confession of their guilt, and acknowledged the justice of the sentence. After the usual formalities being observed, the pinning of the prisoners was completed, and the executioner, who was assisted by a patent lever, shot the bolt. The condemned fell about nine feet, and death ensued almost instantly. The prisoners appeared to think the authorities would not execute them, but on seeing the coffin this delusion was dispelled. They were also made aware that a telegram had been received from their father asking for their bodies after the sentence of the law had been carried out. They sought religious consolation with great earnestness. While they stood upon the drop they repeatedly kissed the crucifix held before them by the priest. The punishment, even by the Indian and half-breed population, is considered just, and will produce a most salutary effect.

Shocking Brutality.

Chicago, 3.—A policeman hearing calls for help at 1322 Wabash avenue ran into the house and burst open a door on the second floor, where two children lay crying in a bed and a naked woman on the floor being kicked by two brothers named Peterson, while their sister urged them on. The lady so brutally assaulted, was a dressmaker named Penfield, whose only offense was being \$6 behind in her rent. The Peterson family were taken to the station by the patrol wagon and held for riot, assault and disorderly conduct. Mrs. Penfield will bring suit for \$10,000 damages.

Republican Caucus.

Washington, 3.—The caucus of Republican Senators this morning was not very fully attended. The education bill was the only topic of discussion, and several amendments proposed by the caucus committee were approved by the caucus. Chief among them were the opposition to a reduction of the aggregate appropriations to between seventy and eighty millions. The bill in its present form calls for \$105,000,000.

The Wool Convention.

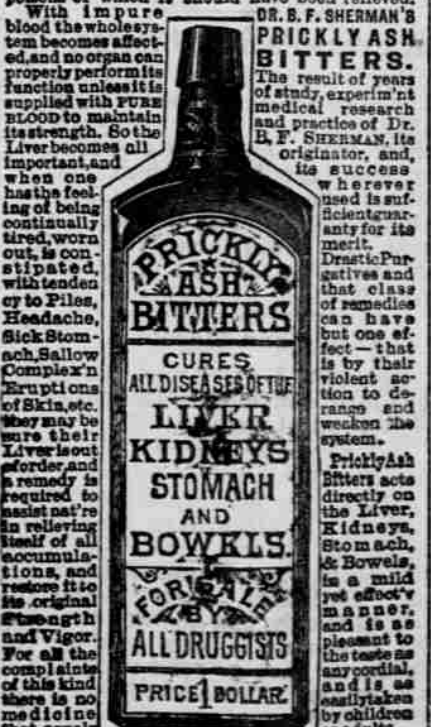

Washington, April 3.—The date for the National Wool Growers' convention at Chicago has now been changed from May 7th to May 19th, in order that delegates may be present and participate in the proceedings of the National Industrial Congress, which will be held in Chicago on May 21st.

A Cambria Reminder

Chicago, April 3.—The postmaster has received from Washington a package of water-stained letters, found in a mail sack picked up by an English fisherman in the North Sea, and which was lost in the steamer Cambria disaster last January.

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of disease to which the human family is subject arises in the first place from some derangement of the Liver. This organ is not only the largest, but also the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities and the secretions which are necessary for digestion as well as for the assimilation of the food, are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfill its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

PRICKLY ASH BITTERS is a medicine of rare merit, and being purely vegetable, intoxicating beverages, and being purely vegetable, its use can be continued as a cure-all, but for derangement of the organs mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a trial. If he has none on hand, ask that it be ordered for you.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
